AUTHORITY OF COURT DEBATED IN WATER CASE

Court Takes Under Advisement Attack Made by City Taxpayers

COMMISSION NOT THERE

Makes No Attempt to Defend Rate Increases Which Are Attacked

Upon the issue of jurisdiction, the Bismarck Water Supply company, in supreme court Friday moved to dismiss the suit brought by Paul C Remington, et al, as water consumers against the Bismarck Water Supply company to restrain the putting into effect the sixty per cent increase recently granted the company by the board of railroad commissioners The court took the motion under consideration and an early decision on this point is expected

W D Mitchell, St Paul and Andrew Miller of Miller, Zuger & Tillotson appeared for the water company and Audrey Lawrence, C L Young and H F O'Hare, appeared for the group of water consumers

Mr Mitchell made the major argument for the public utility and Mr Young for the citizens of Bismarck who have joined in this action

State Not Represented

Although certain members of the railroad commission are joined as parties to this action no appearance by attorney or personally was made by them Assistant Attorney General Cox who was present in court, stated that no request had been made for that office to represent the commission whose authority to act is a material issue in the pending case

Lemke Present

William Lemke attorney general elect and in many matters special attorney for Gov Frazier appeared in court toward the close of the argument but did not participate in the proceedings

Upon opening the case Chief Justice Christianson inquired if the state was represented He intimated that it was material that such representation be made as a department of state government was involved in the proceedings

Commission in Washington

Members of the commission are in Washington and evidently no attempt was made to make any defense against the attack upon its authority made in the complaint of the citizens bringing the action

Attorneys for Bismarck Water Supply company questioned the jurisdiction of the court on the ground that the case had been removed to the federal court automatically and also that the public utility statute expressly provided that appeals must first be passed upon by the district court and that the procedure to invoke the original jurisdiction of the supreme court was irregular

Sufficient Precedent

Mr Young in his argument contended that there was sufficient precedent for invoking original jurisdiction in this instance because the board of railroad commissioners he asserted had exceeded their authority in raising the rates when no petition or application to raise the rates had been presented to the commission He cited the case of the increase in railroad rates by the commission which the court had recently overruled at the behest of Mr Lemke

Constitutionality Unquestioned

No attempt was made to raise the issue of constitutionality That feature of the petition to the court by the group of citizens was not argued orally or in the brief and evidently it is the intention of the litigants to drop the contention of this litigation at least

Mr Young cited instances which in his judgment the board of railroad commissioners had exceeded their authority and had granted rate increases without due process of law

The entire case hinges now on whether the supreme court can assume original jurisdiction if a showing is made that the board of railroad commissioners exceeded authority in granting a sixty per cent increase in water rates upon an application from the city of Bismarck to reduce the existing rates and provide additional service

Robinson's Attitude

Justice Robinson from the bench said that in his estimation the court had jurisdiction and that the whole truth of the case was whether the railroad commission's water rate increase was valid or invalid

No intimation of how the rest of the court stood was made from the bench The matter was taken under advisement and option given to litigants to argue the case on its merits later should the court deny the motion to dismiss and assume jurisdiction

CRUELTY TO FAMILY AND DELINQUENCY SHOWN ON INCREASE IN CROWDED CITIES

Effort is Made to Lay Blame on Prohibition in Report Submitted in Chicago on Conditions During the Last Year—Complaints Increase Over the War Period

Chicago Nov 13 — Statistics showing that complaint of cruelty to wife and children have increased 238 per cent since prohibition arrived and more rapidly in the last six months than in the first half of the year were made public in the annual report of Albert F Webster superintendent of the juvenile protective association

"Men who formerly drank heavily" the report reads "have undergone a reaction which expresses itself in surliness or abuse of the family

Other classes of complaints also are shown to have increased Juvenile delinquency has increased 41 per cent, complaints against disorderly houses 80 per cent or about 70 per cent over the war period and complaints concerning runaway and immoral girls nearly 100 per cent or 80 per cent more than during the war period

On the other hand it was shown that complaints of adult contributions to child delinquency on account of liquor have decreased 74 per cent since the eighteenth amendment became affective Prosecutions for non-support have decreased 20 per cent disorderly conduct charges have been cut in half and insanity complaints reduced 60 per cent

STRAIGHT VOTE BEAT O'CONNOR IN FINE RACE

Complete Returns by Counties Show Handicaps That Were Before Him

COX VOTE VERY SMALL

Debs Counted Over 7,000 Votes to Less Than 10,000 for Cox

Complete Vote by Counties Appears on Page 6.

The remarkable showing of independent candidates in the recent election in face of an overwhelming vote for Harding and over 7 000 votes for the Socialist candidate for President is emphasized by an examination of complete returns of national and state offices published today for the first time in The Tribune

The Republican electors received a plurality of 121 909, while Gov Frazier head of the Republican state column received a majority of but 4 643 There can be little doubt but that the straight Republican vote amounted to thousands There always is a tendency in elections to vote a straight ticket and it is much easier for the elector to go down one column or to put a cross at the top, than to search through a complicated ballot for names of individuals

The Cox vote in the state was pitiful he receiving but 37 302 votes while J F T O'Connor head of the Democratic state column received 112 292 If the straight Republican vote averaged but three to a precinct in the vote it was more than enough to defeat O'Connor Especially is the straight vote always larger in an election where a large number of new voters participate who are unfamiliar with the marking of the ballot

Helped Steen, Hall

The straight vote also is shown strongly in the vote for Hall Steen and Stutsman independents who were nominated at the June primary on the Republican ticket Hall and Steen undoubtedly received thousands of straight Republican votes while Stutsman's vote was practically the same as the two Nonpartisan league candidates whose name appeared with him showing again the tendency to cast a straight Republican ballot

League leaders claim that the Republican landslide caused the defeat of league candidates in Minnesota South Dakota Montana Colorado and other places But in these states the majorities of the straight Republican candidates ranged from 30 000 to 150 000 If several thousand straight Republican votes went against the league in those states as if the league claims the anti league candidates still would have a great majority But in North Dakota with the straight Republican vote wiped out the league ticket would have been defeated, except for one or two offices

Independent Increase

A marked gain in the independent vote is shown by the increase in the majorities of Judge Christianson and Miss Nielson While Judge Christianson received a majority of but 1 665 in the primary his majority in the election is 7,475 Miss Nielson's ma...

FIRST MEETING OF NATIONS TO BE HELD NOV. 15

League Born of World War Will Organize for Operation at Geneva

UNITED STATES ABSENT

Question of Admitting Germany to Membership Up for Discussion

Geneva, Nov. 13.—Germany will not make a formal application for admission to the league of nations but would not ignore an invitation to become a member, should it be extended by the organization, Dr. Hermann Mueller, vice-president of the foreign affairs committee of the German reichstag, said in a statement to the Journal de Geneva.

"Germany will not ask the assembly to admit her to the league," he declares, "because such an application would give rise to a sharp discussion in the assembly, for it is known certain states have given indications they would oppose her immediate entry. I do not know whether they have sufficient support to insure the triumph of their viewpoints but however that may be such a discussion would not be without danger to the league itself. Besides the German government does not consider the league, in its present form, as perfect. How, indeed, could it be, since to mention only two states, it includes neither Russia nor the United States and universality is the fundamental condition of its existence.

CITY ATTORNEYS REJECT OFFERS OF ARBITRATION

H. F. O'Hare and C. L. Young Would Delay Consideration Until After Appeal

CHARGE BAD FAITH

Assert Water Company Not City Has Practiced Delay Since Controversy Started

H F O'Hare and C L Young in a letter written today to the board of city commissioners and published elsewhere in these columns as an advertisement by the City of Bismarck, recommended the rejection of the offer of the Bismarck Water Supply company to arbitrate under the terms of the franchise

Following the offers to sell the water plant to the city through arbitration the Bismarck Water Supply company through its attorneys Miller Zuger & Tillotson made the offer formally by letter This letter was referred to the city's attorneys and the answer published today will come before the city commissioners Monday evening when it is expected also that petitions will be presented from citizens asking for arbitration rather than continued litigation

The letter from the city's attorneys follows in part

You have referred to us for recommendation a letter from the attorneys for the Bismarck Water Supply company which was published several times as an advertisement before it was transmitted to you suggesting a sale of the company's property to the city at a price to be determined by arbitration The amended franchise under which the company now operates provides for purchase by the city if it so elects on the 26th day of May, 1935, the price to be fixed by arbitration The company indicates readiness to sell now on these terms and urges arbitration to stop litigation

"Whose conduct compelled this litigation? The franchise of the company requires it to furnish an adequate supply of pure water The consumers for years have been furnished dirty and often impure water Their fire protection has been and is inadequate Even the railroad commissioners have sustained these contentions The rates charged were more than three times the rates paid by Fargo consumers Orders of the city commission to make extensions were persistently ignored In spite of constant protest the company refused to furnish relief in any respect Complaint was finally made to the railroad commissioners and an investigation ordered

"Why should such an investigation have cost the water company $23,000.00 to $30,000.00? The company imported a large staff of engineers most of whom were here for weeks some for four or five months and the chief engineer for seven months Our city engineer was prepared to submit his valuation within thirty days after he started work and only on account of the large staff employed by the company and its elaborate preparation was our engineer required to make his valuation much more detailed than otherwise would have been necessary and for the same reason the city was forced to employ additional engineers The hearing should have been completed in four days By reason of the company's deliberate purpose to mislead the commissioners and the people and its pettifogging tactics it was prolonged to thirty-five days There was no hurry then Hence this extraordinary cost If the company had been content with a fair presentation of its case $2 000 00 would have been ample for its expense But unreasonable high value had to be ... whatever the outlay Now after many months two of the railroad commissioners have given to the water company an excessive valuation which reflects upon the commissioners and destroys confidence in public regulation Litigation did not seem useless senseless or expensive' until such valuation was made

Why was arbitration not proposed at the beginning If it was fair to arbitrate now it would have been fair to arbitrate then But the psychological moment had not arrived It was necessary to wait until the railroad commissioners could be induced in disregard of the evidence of the city and of the commissioners own engineers to place a fictitious value of $440 000 upon a plant which the company in a suit brought in 1912 to cancel taxes contended was actually worth only $85 000 This done presto the company thought of economy and peace

An appeal has been taken from the order of these commissioners We believe our cause to be meritorious The company's attorneys are anxious to arbitrate before the appeal is determined They are in a hurry now The reason is obvious From now on they must deal with the courts There is danger from the company's point of view that the courts will reverse the valuation and ... justify with all concern ... ... the public

ASK PURCHASE OF WATER PLANT BY ARBITRATION

Petitions Being Circulated in City Today Setting Forth Situation

CLAIM IT QUICKETS WAY

Matter to Come Before Commission Monday, for Consideration by That Body

Petitions asking that the city commission purchase the plant of the Bismarck Water Supply company through arbitration were being circulated in the city today They are to be presented to the city commission Monday night The petition follows

"We, the undersigned citizens, taxpayers and water-users of Bismarck, respectfully represent to your Honorable Body that.

"1. We believe the City of Bismarck should control, operate and own its own system of water-works

"2. We do not believe it advisable to duplicate the present system on account of costs and dislike litigation because of its uncertainties and expense

"3 The franchise of the Bismarck Water Supply company provides that at the end of its franchise the city may purchase the property and in case of failure to agree as to value the same may be submitted to arbitration. The city appointing one arbitrator; the Water Company one and the two a third; and in case of failure to agree on the third the Judge of the Federal District should appoint him and the three arbitrators fix the value of the plant.

"4 The Bismarck Water Supply company having advertised through the local paper that it is willing to adopt this procedure and dispose of the plant to the city at once.

"5. We believe that this manner is fair and would end litigation and therefore believe the city commissioners should make an earnest effort to acquire the same taking care that the interest of the city is at all times safeguarded"

Burke's Statement

Judge E T Burke made the following statement of the position of those favoring the purchase by arbitration.

"Quite few of the citizens and taxpayers of Bismarck, including myself, feel that the water company is in a position where it may lose a lot of money should the city duplicate its plant For this reason the water company is obliged to be reasonable. On the other hand, the city is in at least as much danger of losing the present litigation and should be as fair as the water company Under these conditions the proper thing to do is to get together if possible. The present litigation is both expensive and uncertain Up to the present time the city has lost at practically every point. There is no assurance that they will not lose in the four suits still pending. Why not make an honest effort to get together with the water company and agree upon a price or agree upon arbitration to fix the price? The interests of the city can be protected fully in choosing arbitrators All citizens who are interested in the city owning and controlling its own plant as soon as possible and with as little expense as possible are invited to attend the meeting of the city council Monday night and aid in the discussion that is expected to take place"

No definite program for solution of problems which dairymen say confront them was formulated at today's sessions. However, J. W. Cloverdale, Chicago, secretary of the American Farm Bureau Federation, announced that he would soon call a conference of the country's milk producing interests in which action would be taken. It was indicated that the question of producer-owned distribution probably would be considered

J. F. Howard, president of the Farm Bureau Federation will announce next week the personnel of the livestock committee which is to consider plans for disposition of packer interests in the stockyards, it was announced.

Farmers Save Wheat From Grasshoppers At Expense of $70,000

Regina, Sask., Nov. 12.- Saving $2,000,000 worth of wheat from the ravages of grasshoppers which overran the province last year, cost the government and farmers of Saskatchewan $70,000, according to the annual report of the field crop commissioner, M. P Tullis.

About 75,000 acres of growing wheat were destroyed within the infested area, representing approximately twenty-one per cent. of the crop acreage in which the locusts were working, says Mr. Tullis.

The Slaughter of the Innocents

"Three and a half million children call to the heart and resources of America for these daily supplies, not available in their own countries, that are vital to their survival and to the rebuilding of their physical well-being."

"Our resources will be exhausted in January.

"We must not step aside and permit the spectre of death, in the form of hunger and cold to haunt these helpless ones this winter, yet we can not continue without help.

"This is a charge on the American heart, and America can not fail in her solicitude for these little ones.

"Twenty-three million dollars must be raised without delay, and remembering the new heart you put into the Commission for Relief in Belgium in the dark hours of 1916, I come to you again."

(Signed) HERBERT HOOVER.

From a letter to The Literary Digest.

IN IMMEDIATE RESPONSE THE FOLLOWING EDITORIAL WAS PUBLISHED IN THE LITERARY DIGEST OF OCT. 30TH:

WHEN JESUS CHRIST CAME UPON THE earth, nearly two thousand years ago, to save all mankind, his mere coming seemed to interfere with the material interests of a few people of that period, notably King Herod, who promptly decided to dispose of this "interloper," and sent forth his soldiers with orders to slay all the children of two years old and under. Thus was consummated the most atrocious crime against innocent childhood ever committed up to that time. It has come down to us through all the ages in song and story, and master painters have pictured it on marvelous canvases.

Today passing in review, as we look out through the windows of our comfortable homes in this great and happy land, are three and a half millions of helpless children, the innocent victims of the greatest war that has ever afflicted humanity. It matters not, as we gaze in the direction of these children, that our eyes must stretch across three thousand miles of ocean, we still can see them and we still can hear them, if we wish to do so; and we can not help hearing the tragic appeal in their voices and seeing their tiny arms stretched out to us, and their searching eyes looking into our souls, as they say, "Help us, or we perish." And if we fail to listen to this great call of three and a half millions of God's helpless children; if we close our eyes and ears to this great demand of duty, we shall be just as guilty of the "slaughter of the innocents" as was Herod, nearly two thousand years ago.

In these lands, swept by death and filled with tragedies too deep for tears, a sum of human suffering is being written greater perhaps than for all ages gone by. The mind grows numb and the heart sick from a constant recital of tales of such tragedy as it is difficult to believe the twentieth century could hold.

And so, when we received a letter from Mr. Hoover telling us that America must not allow death in the form of hunger and cold to come to these 3,500,000 helpless children our soul was stirred and the hot blood surged up in our heart. We felt it was our imperative duty to use all the power God has given us to aid this noble-hearted American in continuing the work of saving human lives to which he has devoted unsparingly, and at great personal sacrifice, his tremendous energy and administrative genius during the past six years, in which time he and his American colleagues have administered two billions of dollars of relief funds from all parts of the world with a total overhead expense of only three-eights of one per cent, with no remuneration to the American directors. Now he asks us all to help save the children who are in imminent danger of starvation this coming winter.

There they are, in the midst of wrecked homes, and farms, and factories; in cities crowded with masses of refugees without sustaining food for children, through the destruction of live stock; seeds for planting, raw materials, tools, and machinery gone; great areas with everything burned, or looted, or smashed; vast unemployment for workers; no means of subsistence; a land of economic ruin, of mutilated life, and lingering death, and in the midst of it all—the little children.

In long lines they are waiting at the American food-kitchens. Will the food be there for them? Will they be turned away? There are no happy, healthy faces in those long lines—not one. You have seen rags and barefooted children, but never so many little boys and girls literally drest in tatters. Soon it will be very cold, and for those bare little feet and legs and arms there is nothing at home to put on.

Hollow faces and shrunken bodies are so common that their real condition does not become evident until we inquire more closely, and then we find that most of them are from one to five years back in their growth. Children of eight years old have not reached the normal size of two and a half. They are just learing to stand alone. Others almost as old can not yet stand on their feet. Their arms, and legs, and spines, and chests are twisted and warped. The flesh and skin are shriveled on their bones. It is surprising that life can still exist there. If they can have food they will gradually regain their health and strength, but with most of them it is a question of now or never. Starvation and tuberculosis will not wait.

In Poland alone a million five hundred thousand such children must be cared for. In Latvia and Esthonia the people are living mostly on a diet made from potato-flour, oat-flour, and sawdust. In Czecho-Slovakia, in Hungary, in Austria, and in other countries of central and southeastern Europe, two millions more are in dire need of food; and who stops to ask regarding creed, or race, or nationality when a little child is starving? Children are just children the world over, and the great American heart is big enough to care for them all.

But the appeal now is not for all. The three and a half millions of children in immediate danger of starvation, if this organization fails, who **must** have food at once, are only a fraction of the total number. The hungry children of those destitute countries have been examined by competent physicians, and only those whose wasted little bodies are reduced to the minimum weight, and whose endurance of hunger has reached the end which merges into actual starvation, are admitted to the American kitchens and given **one meal a day.** It is hard to turn away thousands of hungry boys and girls—to hear them ask, pleadingly, "Do I weigh too much?" Am I not thin enough?" "Can't I come any more?" But this restricting of food to the extreme cases is compulsory, because there isn't enough for all.

And these neediest ones can not reach the kitchens through the cold winds and the snow barefooted and in pitiful rags which form only a partial covering for their bodies. They must have clothes. Each outfit consists of one pair of warm woolen stockings, one pair of boots, and a little overcoat. This one meal a day, and these boots, stockings, and little coats can be supplied **only if we give them.** If we do not, the slaughter of the innocents by cold and starvation will be appalling.

Among the more than two million men and women who will read this page there is not one—there can not be a single one—whose heart will not respond gladly and eagerly to the challenge of this great deed. We are asked, **you** with us, to cooperate with Mr. Hoover in raising twenty-three million dollars to feed and clothe these children and save them from death this winter. It can be done. It shall be done! THE LITERARY DIGEST knows its readers and the deep earnestness, the quick sympathy, the great-hearted generosity they always show when any real human need calls to them. You have never been called upon in vain. We are counting on you now with a great confidence. We know, also, how truly you represent the American spirit, which beats in the hearts of a hundred and three millions more in this big land of plenty, a spirit which leaps ready at every such call, and is never weary in well-doing. We are not a hermit nation, isolated from the world, when suffering and want cry out to us from anywhere under the sun. A great, a beautiful, and heart-sustaining hope supports these stricken people—**America will come to their relief.** For in the far places of the earth, where famine stalks, one name and one alone is synonymous with rescue and hope—and that name is America.

The small individual unit of ten dollars will provide the coat and boots and stockings and one meal a day for one child this winter. We urge our readers—we urge **every one** whose eyes are on these words—to give quickly as many of these units as possible, **to buy for themselves that precious and priceless thing, the life of a little child**—as many of them as they can, and every one will be a shining star in an eternal crown. It was the Divine Love of little children, who came to earth as a little child, and who reigns now as the King of Glory, who said, "Inasmuch as ye have done it unto one of the least of these, ye have done it unto me." He does not forget, nor fail to reward.

So deeply do we ourselves feel the urgency of this great need, knowing all the facts, that we should feel a heavy burden of guilt if we did not go beyond anything we have felt possible heretofore in order to save these innocent children from suffering and death. Therefore, THE LITERARY DIGEST will start this fund with the sum of $25,000 to feed and clothe twenty-five hundred little boys and girls this winter. What an inspiration it will be to all of us—what an inspiration **and example** to many thousands who may be uncertain how much to give—if in the very first week there shall be a great shower of checks for $1,000, for $5,000, for $10,000, as well as a deluge of smaller amounts, to send the fund rolling on toward the necessary twenty-three millions. Let us all see again what the father's heart is like in this great rich land of America. Let us have again a wondrous revelation of the heart of American motherhood. Let us have a great outpouring of love and helpfulness in the name of Him who said, "Feed my lambs!"

President-Elect Harding, In a Great-Hearted Response, Sets an Example for All Americans

In the midst of the flood of telegrams, telephone calls, and election returns pouring in upon him from every part of the United States, Mr. Harding turned from it all to write and dispatch the following telegram from his home:

THE LITERARY DIGEST, NEW YORK CITY:—

I have just now read your splendid appeal to the people of America in behalf of three and a half millions of unfortunate children in Central and Southeastern Europe who are the helpless victims of the Great War. Because such a movement for relief reveals the true heart of America, because it bespeaks an American desire to play a great people's part in relieving and restoring God's own children, I want to commend and support your noble undertaking. In seeking God's blessing for ourselves I am sure He will bless us the more abundantly if we share our good fortune in acts of sympathy and human fellowship I wish you a success which will reveal anew the unselfishness of our great people I am forwarding you my check for two thousand five hundred dollars by mail today

BANK CASHIER CONFESSED TO $45,000 THEFT

Ottowa, Ill., Nov. 13.—Admission that he "engineered the whole thing himself" was made last night, according to county officials, by Francis J. Carey, 21, teller of the National City bank of Ottawa, who gave himself up today following yesterday's robbery of the bank. Most of the $45,000 taken has been recovered.

Carey was found at the farm house of Mat Corwin, four miles south of Utica, Ill., into which he staggered late today, footsore and weary. Following a telephone call to President Charles P. Taylor of the bank, in which Carey said he would await the arrival of Sheriff C. S. Ayer, he was brought to Ottawa and made his reported confession in the presence of his mother, Mrs. Mary Carey.

Carey denied, the sheriff said, knowledge to the disappearance of $4,000 of the loot He had $2 in his pockets.

It was first thought that Carey had been locked in the vault by robbers and sternuous efforts were made to open the vault door. Finally, with the aid of two garage employes, who melted off the door with torches, entrance was gained to the vault to find it empty A search was begun at once for Carey.

You pay for low repair and operating-costs and get them in the Hupmobile.

You pay to keep going, and for freedom from constant adjustment—and get both in the Hupmobile.

"BUDDIES," WELL KNOWN MUSICAL PLAY, COMES TO CITY ON NOV. 18

After twelve consecutive months in Selwyn theatre, New York, the Selwyns will give this city an opportunity to see "Buddies," the charming musical play which drew capacity audiences for an entire season in the eastern metropolis "Buddies" will be the attraction at the Auditorium Thursday November 18th

In his story George V Hobart unfolds a dual romance of singular fragrance and charm, and B C. Hilliam has threaded this double love-story with quantities of such lilting melodies that they have set the whole country whistling When Julie, the quaint maid of Brittany sings Please Learn to Love' to her excruciatingly shy soldier-sweetheart she warms the cockles of every heart in her audience, and when the "Buddies" themselves make the welkin ring with their Hello Home" number it is difficult to keep one's feet still The music of "Buddies' has found its way all over the world in both published form and talking machine records, but nowhere does it seem so filled with charm as when interpreted by the excellent company of players whom the Selwyns will present here

BLOOD MONEY

One hears about somebody or other being forced to give up "blood money." That extortion has been practiced, it is understood. And sometimes the words are used to convey the idea that a reward had been paid for turning over a criminal to the law.

Along there in the middle ages when people were rough and "killers" were abroad, "blood money" meant the money actually paid for shedding blood. Sometimes it meant money paid to a man for bringing another's death, or the slayer himself might pay it to his victim's nearest relatives to save himself from their vengeance.

In the old days the amount of blood money varied with the crime. Unfortunately, there is some evidence that killers for a price have not yet been vanished from the earth. But they ought to be, and maybe they will be. "Blood money" in the old or the new acceptance of the term, has no place in the language.

WHEN TO WORRY

"Man is a creature of sorrow. He is born in tears and never smiles before his fortieth day."

So wrote the philosopher Pliny, and pessimists in every age before and since have found their ways of declaring life a value of tears and a valley of sadness.

Much that is idle and silly has been written of laughter. Those who forever preach of laughing away sorrow and giggling in the face of catastrophe will find their most proficient students in kindergartens, where children laugh with little cause and in mad houses where the inmates need no cause for laughter.

But, between the two theories of life—morbid pessimism and inane optimism—lies a middle path that the most of folks will find it best to follow.

Worry is the implacable foe of laughter. No one denies the value of laughter, but many deny its possibility at some times. Worry too often conquers laughter.

Divide your worries into two parts. There are those misfortunes which thought and a full appreciation bought by worry will remedy and there are others that no amount of remorse or regret will alter.

The man who worries because his pay envelope holds not enough for the comfort of his family, may, if he keeps his worry within due bounds, increase his salary and the happiness fo his brood. Laughter then will follow and be good.

But to grieve forever more for the dead—dead mortals or dead hopes—is simply to shut the door fast on heaven-sent laughter and to make of life a true value of tears and a valley of distress.

Believe neither the one nor the other; the wail of the pessimist or the forced and tiresome chuckle and grin of the constitutional optimist. Both are fakers and hypocrits—the one denying joy and the other sorrow.

Lucky a certain Chicago policeman isn't bald. A pocket-comb deflected a bullet and saved his life.

PEOPLE INVITED TO SERVICES TO BE HELD SUNDAY

Memorial Sunday Will Be Observed in First Presbyterian Church

Memorial Sunday will be observed in Bismarck tomorrow with the special service at the First Presbyterian church at 7:30 p. m.

Places in the church will be reserved for the American Legion, the War Mothers, the Legion auxiliary and any other war organization which desire places to be reserved. Special invitations have not been attempted by those in charge of the service, but they hope that all patriotic citizens will feel that the service is their service, and assist in the day's observance by their presence if duty does not call them elsewhere.

The musical program is as follows:
"Just for Today," (Wilson), Mesdames Scheffer, French, Morris, Miss Jones, Messrs. Halverson, Ferner, Boynton, Grady and Humphreys.
"The Ninety and Nine" (Campior), Mr. Henry Halverson
"In Flanders Fields," (Klickman), Mesdames Scheffer, Morris, Messrs. Havlerson and Humphreys.
"Recessional" (Reginald de Koven), Mrs. Florence Pierron Scheffer.
G. H. Russ, Jr., past commander of the American Legion, will deliver a message and Rev. H. C. Postlethwaite will deliver a short address.

ANITA STEWART'S FILM RESULT OF UNUSUAL ACTION BY BOSTON PICTURE MAGNET

Behind the appearance of Miss Anita Stewart in "Virtuous Wives," the first production to be made by her own company, is an interesting series of events, which started a year ago when Louis B. Mayer, Boston film magnate, sought to obtain her release from the Vitagraph company and launch her as an independent star in a series of productions based on famous stories.

Mr Mayer finally concluded his negotiations with the Vitagraph organization by paying them a cash bonus, said to run into five figures, for cancelling the contract they held for Miss Stewart's services. This is believed to be the first time that a motion picture producer has paid an extravagant sum in addition to the amount involved in the direct contract with the star ,for the release of that personage from another agreement.

Miss Stewart's first production under the management of Mr. Mayer is an adaption of the famous novel, "Virtuous Wives," by Owen Johnson. The story is described as a truthful account of married life in New York society circles.

Arbitration Report of City Attorneys

Bismarck, North Dakota,
November 13th, 1920.

Board of City Commissioners,
Bismarck, North Dakota.
Gentlemen:—

You have referred to us for recommendation a letter from the attorneys for the Bismarck Water Supply Company. which was published several times as an advertisement before it was transmitted to you, suggesting a sale of the company's property to the city at a price to be determined by arbitration. The amended franchise under which the company now operates provides for purchase by the city, if it so elects, on the 26th day of May, 1935, the price to be fixed by arbitration. The company indicates readiness to sell now on these terms, and urges arbitration to stop litigation.

Whose conduct compelled this litigation? The franchise of the company requires it to furnish an adequate supply of pure water. The consumers for years have been furnished dirty, and often impure water. Their fire protection has been and is inadequate. Even the Railroad Commissioners have sustained these contentions. The rates charged were more than three times the rates paid by Fargo consumers. Orders of the city commission to make extensions were persistently ignored. In spite of constant protest the company refused to furnish relief in any respect. Complaint was finally made to the Railroad Commissioners and an investigation ordered.

Why should such an investigation have cost the water company $23,000.00 to $30,000.00? The company imported a large staff of engineers most of whom were here for weeks, some for four or five months, and the chief engineer for seven months. Our city engineer was prepared to submit his valuation within thirty days after he started work, and only on account of the large staff employed by the company and its elaborate preparation was our engineer required to make his valuation much more detailed than otherwise would have been necessary, and for the same reason the city was forced to employ additional engineers. The hearing should have been completed in four days. By reason of the company's deliberate purpose to mislead the commissioners and the people, and its pettifogging tactics, it was prolonged to thirty-five days. There was no hurry then. Hence this extraordinary cost. If the company had been content with a fair presentation of its case, $2,000.00 would have been ample for its expense. But an unreasonably high value had to be fixed, whatever the outlay. Now, after many months two of the railroad commissioners have given to the water company an excessive valuation which reflects upon the commissioners and destroys confidence in public regulation. Litigation did not seem "useless, senseless or expensive" until such valuation was made.

Why was arbitration not proposed at the beginning? If "it is fair" to arbitrate now, it would have been "fair" to arbitrate then. But the "psychological moment" had not arrived. It was necessary to wait until the railroad commissioners could be induced in disregard of the evidence of the city and of the commissioners own' engineers to place a fictitious value of $446,000.00 upon a plant which the company in a suit brought in 1912 to cancel taxes contended was **actually worth only $85,000.00.** This done, presto, the company thought of economy and peace.

An appeal has been taken from the order of these commissioners. We believe our cause to be meritorious. The company's attorneys are anxious to arbitrate before the appeal is determined. They are in a hurry now. **The reason is obvious. From now on they must deal with the courts.** There is danger from the company's point of view that the court will revise the valuation and deal justly with all concerned, including the public. **They want the price to be arbitrated with the advantage of this unwarranted valuation back of their extravagant claims.** The considerations which make it important for the company to have arbitration hurried make it important for the public to proceed with caution. The expense of the appeal will not be great unless the company makes it so. We believe the appeal should be determined before further action is taken. By reason of the premises, we unhesitatingly recommend a rejection of the company's offer to arbitrate at this time.

Shortly, we hope to submit to you a more detailed report concerning the methods used to defeat the city in the investigation.

Very truly yours,
H. F. O'HARE,
City Attorney.
C. L. YOUNG,
Special Counsel.

DRAMATIC CLUB ENTERTAINS

The Dramatic club and the class in singing, both under the direction of Miss Bergloit Caspary, gave a pleasing entertainment in the auditorium of the penitentiary on Friday evening "The Mousetrap," an amusing playlet, presented by the Dramatic club, was much enjoyed. Members of Miss Caspary's class in vocal training who sang during the evening were: Misses Jennie Selseth, May Bope, Eleanore Lamb, Lillian Paulson, and Mr. Lasseson. Entertaining readings were given by Miss Isabelle Cochrane and Miss Ruby Durett. Miss Hazel Piere rendered piano selections.

The Dramatic club, which organized two months ago, appeared last night for the second time since their organization; the first appearance being at Menoken. Another group of the club members expect to have a number on the next program of the Business and Professional Women's club.

HARD TIMES PARTY SUCCESS

The Hard Times benefit play given by the members of Rebekah lodge in the Odd Fellows hall last night was a great success, both socially and financially. The costumes of the guests were varied and wonderful and a source of endless amusement. The prize for a lady's costume went to Mrs Melvin Welch, who represented Mary Pickford in one of her charming roles, while R. Folsom impersonated Hard Times so effectively that he carried off the gentleman's prize.

An interesting feature of the benefit was the fact that a portion of the funds taken in will go to the needy Armenian children, and the committee report a most gratifying sum realized for their worthy charity.

ARTISTS PRAISED

The Chicago Recital company, which appears at the Elks hall tonight, appeared in Jamestown last night and was highly praised. James I. Mason, exalted ruler of the Jamestown Elks, said: "Chicago recital company far and way ahead of previous number of lyceum system, and made a fine impression, and you will be entirely satisfied, and they will appreciate anything you can do for them."

ARMISTICE DAY PARTY

Mrs. E. J. Gobel, 423 Fourth street, was hostess on Armistice Day at a six o'clock dinner in honor of Ray Gobel's thirteenth birthday. Twelve boys were bidden and a most delicious dinner was enjoyed by the young guests. A pretty decorative scheme of pink and yellow was carried out in chrysanthemums. Following the dinner the boys attended a theatre party at the Eltinge to see Mary Pickford.

MARRIED HERE

The marriage of Miss Nellie May Granthan, of Sanger, N. D. and Warren Culligan, of Sanger, occurred at the Grand Pacific hall this morning, Rev. G. H. Quigley officiating. The couple was attended by Miss Tillie Larson and Harold Culligan. They will reside on the farm of the groom near Sanger.

MRS DUTTON HOSTESS

Mrs. Robert Dutton, 514 First street, was hostess this afternoon to the Mother's club. Mrs C. L. McCoy gave a paper entitled "The Melting Pot." There was a reading by Mrs W. E. Perry and music by members of the club.

BUSINESS COLLEGE DANCE

The students of the Business College entertained in the old K. C. hall in the Hinckley block last evening and a most enjoyable program of dances was enjoyed

CHAPLIN'S WIFE GIVEN DIVORCE

Los Angeles, Nov. 13 — Mildred Harris Chaplin was granted a decree of divorce from Charley Chaplin in the superior court here late yesterday.

Mr Chaplin, whom Mrs. Chaplin charged with cruelty, was not in court, but was represented by attorneys.

It was stated a property settlement, involving about $200,000, had been made out of court and an agreement reached by which Mrs. Chaplin would not use the name of Chaplin professionally

LAHR COMPANY WINS PRAISE IN MAGAZINE

Prominence is given to the Lahr Motor Sales company, of this city, in an article in the "Winter Service number" of the Motor Age, of Chicago, a national automobile and truck publication.

The purpose of the "Winter Service number" was to show the growth of the use of motor cars during the winter over the United States and the methods used to encourage the growth.

The article on the Lahr Motor Sales company shows how the company has made a special effort to encourage the winter use of motor cars by offering unexcelled services to motorists, making it more profitable to run a motor car during the winter than to let it remain idle

The article includes a picture of the small place occupied by the Lahr Motor Sales company in 1914 and the big modern building occupied today, together with an example of the kind of business getting letter writing which is done by W. E. Lahr, president of the company.

50 Years Ago

a young man who practiced medicine in a rural district became famous and was called in consultation in many towns and cities because of his success in the treatment of disease. This was Dr. Pierce who afterward moved to Buffalo, N. Y. He made up his mind to place some of his medicines before the public, and he put up what he called his "Favorite Prescription," and placed it with the druggists in every state in the Union.

For *fifty years* Dr. Pierce's Favorite Prescription has sold more largely throughout the United States than any other medicine of like character. It's the testimony of thousands of women that it has benefited or entirely eradicated such distressing ailments as women are prone to. It is now sold by druggists in tablet form as well as liquid.

WAUKESHA, WIS.—"About eighteen years ago I was ill, doctor's medicine did not seem to give me the relief I thought I should have so I began taking Doctor Pierce's Favorite Prescription and it cured me in a short space of time. I have never had any return of my ailment."—Mrs. MINNIE STENSLOFF, 709 Pleasant Street.

"Home Sweet Home"

Be it ever so humble there is no place like HOME. These immortal stanzas have been sung throughout the world, and all civilized men and women love to hear those inspiring words. Now, IN REGARD TO A HOME I was going to say that I have a very desirable HOME that I am offering for sale, it is located within a stone's throw, so to speak, from Colonel Little's $50,000.00 mansion. I can assure you this is a very desirable piece of property. It consists of a 6-room modern house; full cement basement, divided into 3 rooms; porch up-stairs and down. Grade door leading to the basement and the kitchen so arranged that the iceman can slip the ice in without bothering your wife. Cement sidewalks all around; nice large garage worth at least $1,000.00; beautiful view to the river. About one block from the anticipated new school in the west part of the city. The neighborhood and surroundings are agreeable and lovely. I am safe in saying that this very desirable HOME could not be replaced today for less than about $7,000.00, but for quick sale, I am offering this for $4,700.00. $1,000. cash, balance on terms to suit purchaser. I can assure you this is a real bargain. No curiosity seekers are invited. If interested, telephone, telegraph, or write,

Chicago, Nov. 13.—Interest in conference football centered today on the Chicago-Michigan game and the Wisconsin-Illinois game. If Illinois wins she will meet Ohio State next Saturday for the western title. Illinois and Ohio State are undefeated.

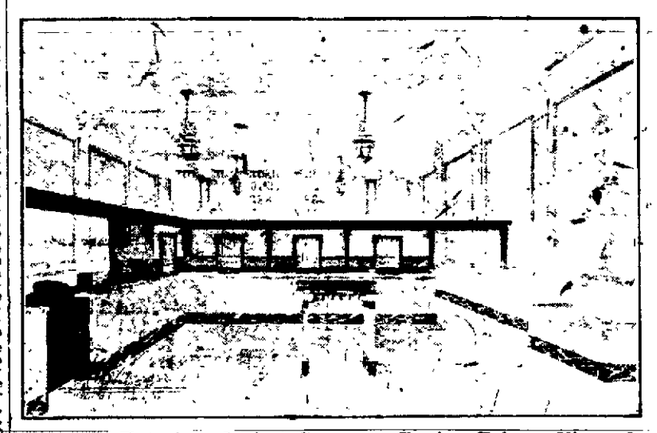

To Appear in France

Chicago, Nov. 13.—Johnny Coulon, the diminutive Chicagoan, who held the bantamweight championship for years, will engage in two contests in France next month, meeting the pick of the French bantams. Coulon sailed from New York on Nov. 2. It was Coulon's second trip abroad within a year.

FIRST GUARANTY BANK'S NEW BUILDING COMBINES BEAUTY AND DIGNITY WITH CONVENIENCE IN DESIGN

Above—Exterior of First Guaranty Bank. Below—View of Banking Room

Artistic, Finish and Most Modern Conveniences Attract Visitors to New Structure on Fourth Street.

The beautiful new building of the First Guaranty Bank, on Fourth street, is being praised by visitors who have come to see the latest addition to Bismarck's growing business district.

The exterior of the building is constructed with all the dignity and solidity prescribed by architects for bank buildings. It has a frontage of 50 feet on Fourth street, and the front is constructed with Indiana limestone, with four massive columns, which lend dignity and strength to the exterior. It is two stories in height, the second story being devoted to office rooms.

The interior of the bank was finished by artists in building. The floors are of Tennessee marble in the vestibule and lobby. This marble has a pink tone and gives an especially rich effect, as the blocks of marble are worked out in a design. A ten-inch base of Levanto marble, a product of the Swiss Alps, extends around the banking room. This marble is composed of green, red and white colors, beautifully blended together, and the joint effect is of a dark green. Above the marble base is Tavernelle, a Tennessee marble, to the height of 42 inches.

Decoration of Walls

The decoration of the walls and ceiling, the work of experts, is especially artistic. The large beams and pilasters are of decorative plaster and are finished in old ivory color. Between the pilasters are panels formed by a laurel wreath. The panels are mottled with well blended colors, leaving a pleasing, subdued effect. American eagles, resting on a shield of American colors, are painted at the top of the four panels.

Special Glass Design

The counter screen and all of the interior wood finish is constructed of the finest black walnut, with a deep, rich brown finish. All of the glass in the banking room is of a special etched design, manufactured under the new stipled, etched process.

A waiting room, a small room affording privacy for conversations and a marble bench, with a check-writing desk in the middle of the lobby, add to the conveniences in the main banking room for the benefit of the general public.

To the left and rear is a machine room, well lighted and ventilated. The purpose of this room is to eliminate the noise of the bookkeeping and adding machines from the main banking room.

Vault Arrangement

The vaults are especially attractive to one interested in security. They are constructed of reinforced concrete, with a net-work of steel bars through the cement, running crosswise every four inches. The vault openings are guarded by two heavy steel vault doors of such weight as necessitates swinging on large cranes in connection with the safe deposit vaults there has been provided booths in which there is a desk and a chair and lamp, affording absolute, privacy for one wishing to look over the contents of his safe deposit box. To one side of the safe-deposit vaults is a directors room, finished in artistic design.

Officers of Bank

E. A. Lahr is president, E. V. Lahr is cashier and C. S. Meade, a banker and fruit rancher of Yakima, Wash., is vice-president of the First Guaranty Bank. The Lahrs have been interested in the banking business in North Dakota for the last twelve years, but only three years ago started the First Guaranty Bank. They control a line of banks in this section of the state for which the First Guaranty Bank serves as the parent bank.

PEACE REIGNS IN BALL WORLD; LANDIS ACCEPTS

Federal Jurist to Remain on Bench and Get $42,500 a Year

Chicago Nov 13—Peace reigned in baseball circles today following yesterday's agreement of opposing factions in the reorganization of the game. The 16 club owners of the two major leagues were in accord on every issue which today left the same eight clubs in the national and the same eight in the American league and the threatened war was averted.

Judge K. M. Landis, of the federal court in Chicago accepted the chairmanship of the ball commission and will act as a final court of appeal in all matters of appeal in all disputes between the two major leagues and any minor leagues which may join the majors in reorganizing the game. Judge Landis will remain on the bench. His salary there is $7,500 a year. He stipulated this sum should be subtracted from the $50,000 a year offered by the baseball game men so that the salary offered by the baseball men will be $42,500 a year.

The term for which he is chosen is seven years.

GRAFTON MEETS VALLEY CITY IN TITULAR GAME

Winner to Meet Williston for Championship of State High Schools

The battle for the North Dakota state high school championship is being narrowed today. Grafton and Valley City are clashing for the championship of the eastern half of the state. The winner of the game is expected to meet Williston, champion of the western half of the state, for the state title.

Valley City was selected by the athletic board of control meeting in Grand Forks as the champions of the southeastern district. Grafton is champion of the northeastern section.

YALE—PRINCETON

PRINCETON, November 13.—The Yale-Princeton football game was the center of interest in the east today. More than 40,000 fans were expected to see the clash, which is preliminary to Yale's clash with Harvard in the annual Yale-Harvard game.

CHANCE OF TIE

Kansas City, Nov. 13.—With Oklahoma retaining a firm grasp on the 1920 Missouri Valley conference football title the attention of observers here turned today to the game between Washington and Missouri Universities at Columbia, for if Missouri and Kansas Universities should win their remaining games and Oklahoma lose one the schools will be in a triple tie.

CLEVELAND TO PLAY ONLY TEN EXHIBITION GAMES

Cleveland, O., Nov. 13.—Before leaving for his home in Hubbard City, Tex., Tris Speaker, manager of the Cleveland Americans, intimated that only ten exhibition games will be played by the Indians on the spring training trip.

Speaker has received invitations from about a dozen towns in Texas, Florida and New Mexico to bring the world's champions there to train. It is regarded as doubtful if New Orleans, where the teams trained for several years, will be selected as the 1921 camp.

"With a world's championship team," Speaker said, "ten games ought to pay all our training expenses and I do not care to play more than ten, as I can get better results by sticking to regular practice."

Cincinnati has asked for two games and probably will be accommodated.

NORTHWEST GAMES

St. Paul, Minn., Nov. 13.—Interest in football in the Northwest centers today in the following battles.

Iowa versus Minnesota at Iowa City.

Illinois versus Wisconsin at Madison.

Hamline versus Carleton at St. Paul.

St. Thomas versus Macalester at St. Paul.

University of South Dakota versus South Dakota State at Sioux Falls, S. D.

The only Big Ten game which will have any important bearing on the conference championship is the Illinois-Wisconsin game, which Illinois can lose and still be counted in when Ohio State is met the following Saturday.

Taking Course

St. Louis, Mo., Nov. 13.—Joe Evans who patrols the outfield for the Cleveland world's champions is an interne in a local hospital, where he is taking a post graduate course. Within a week from the end of the series with Brooklyn, Evans was on the job.

HANDS TWO KAYOS

TROY, Tony Caponi knocked out Red Mack in seven rounds. Then he volunteered to fight Joe Daley whose opponent had failed to show up. Tony knocked him out in the sixth.

CHILDREN OF OLD WORLD IN GREAT NEED

Millions of Them in War Stricken Areas Threatened With Starvation

London, Nov. 13.—One of the aftermaths of the Polish-Soviet war is that Americans will be called upon to feed and clothe more than 1,250,000 Polish children this winter through the American Relief Administration. Up to the time of the latest outbreak of hostilities, destitution had been so reduced that the Relief Administration officials believed that Poland, with the organization the Americans had perfected, would be able to carry on the work after this autumn. That is considered impossible now and preparations are under way for caring for as many children as during the dark days of last winter.

Nothing Left for Children

This decision came after receipt in London of reports of a complete survey of the country begun immediately after the bolsheviki were driven back. Trained observers report that the Poles themselves have not painted the picture black enough. After two armies had fought over the ground there was little left for the children, they report, and each requested immediate shipment of food and clothing. As far as possible, distributing agents of the administration are complying with these requests.

The organization by which about $19,000,000 worth of food and clothing was distributed in Poland in 16 months at a cost of approximately $80,000, is virtually intact. It includes between 15,000 and 18,000 Poles whose services are paid for by Poland but who worked under the direction of a few American administration officers. The Poles also pay for transportation from the ships, warehouses and distribution. In addition they supply all flour received by them through a $200,000 credit granted them by the Grain Corporation.

Although the distributing organization was considerably disarranged during the recent fighting, officials here say they can get into working order again very quickly after railroad repairs have been completed.

The Insider Says

Democrats aren't the only lonely souls these days. Think of the poor downtrodden heavyweight boxers.

The lighter weights are getting all the attention and making most of the money.

Jack Dempsey is so hard put to it that for sheer lack of companionship he announces that he will fight Willard again.

That is a terrible thing to wish on the American public and it cannot be for the sake of the money there may be in it.

It must be sheer loneliness, a desire for human companionship, an inability to find men of approximately his girth and weight which drive Jack to this extreme measure.

Of course, Jack has signed to meet Georges, but the date of that is fairly indefinite, and, besides, there's not much companionship for Jack in an encounter with Georges. They don't speak the same language in more senses than one.

Jack doesn't know as much about French as a house cat does about arithmetic. Neither can he discuss airplaning, trench-digging and forced-marching intelligently with Georges.

FALL SERIES TO BE FIXED AFFAIRS

Chicago, Nov. 13.—The fall series between the pennant winning clubs of the American Association and International leagues probably will become an annual fixture.

President Hickey of the American Association is highly in favor of the plan, which also has been endorsed by David L. Fultz, president of the International league.

"President Fultz will submit the plan to the club owners of his league for adoption," President Hickey said. "I feel positive that the series will be made a permanent fixture. The event will be called the 'Junior World's Series'."

The 1920 series between St. Paul and Baltimore, won by the latter club, was a financial success.

Many a Pretty Face Spoiled by Pimples

Not only are these pimples and splotches disfiguring, but they lead to serious skin diseases that spread and cause the most discomforting irritation and pain. Sometimes they foretell Eczema, boils, blisters, scaly eruptions and other annoyances that burn like flames of fire, and make you feel that your skin is ablaze.

If you are afflicted with this form of skin disease do not expect to be cured by lotions, ointments, salves and other local remedies, as they can not possibly reach the source of the trouble, which is in the blood. Begin taking S.S.S. today, and write a complete history of your case to our chief medical adviser who will give you special instructions, without charge. Old Fashioned Dollars

In the days of the "old-fashioned dollar" food and clothing cost but a fraction of what we have to pay today. Twenty dollars a week was then an excellent salary.

There are numerous estimates on the percentage of decrease in the purchasing power of the "modern dollar," but everyone knows that prices will take a drop some of these days.

So a dollar is about the cheapest thing there is today. Why not buy up a few each week, put them in this bank and wait for the rise in value?

STRAIGHT VOTE BEAT O'CONNOR IN FINE RACE

(Continued from Page One)

jority in the primary was 10,324; in the election 11,351.

The attitude of North Dakota on the league of nations was emphatically expressed by the voters of the state in the tremendous majority accorded Senator Harding. The intense opposition to the league, and therefore to any candidate who bore the Democratic stamp, was evident in many communities of the state. The Nonpartisan league knew of the feeling, too, and through certain sections of the state the plea to vote the Republican ticket straight, coupling the national and state tickets was worked overtime. While the argument favored Hall, Steen and Stutsman and militated against Alfson, Hildebrand and Kaldor, league candidates, the league worked it hard to save the majority of the ticket, and succeeded.

Independents Optimistic

Independents who study the election returns are more than optimistic over the result of the election. After pointing to the straight Republican vote and the vote of 7,376 for Eugene V. Debs, Socialist candidate, all of which went to Frazier, the independents declare there can be no question of a changed sentiment among the people of the state, and declare the independents ought to go into the 1922 election stronger than the league There will be no national landslide or sentiment at that time. The fight will be solely on state issues.

The majority accorded the initial laws is such that the Nonpartisan league can only admit that thousands of league voters made their passage possible. Thousands of league voters rejected the scheme of organization of the Bank of North Dakota and indicated a lack of confidence in the manner in which some measures of the league have been carried out. The vote on these measures is regarded as an expression of opposition by voters to the placing of autocratic power in the hands of a few men, where it may be abused to the detriment of the state. The vote and majorities on candidates follows:

JUDGES FILE STATEMENTS OF EXPENDITURES

Campaigning for the office of district judge is not always inexpensive, as shown by the expense statement of Harry L. Berry, a successful candidate. He spent $486.07 in his campaign. Judge Nuessle, candidate for the office in the Fourth district, however, spent but $80.30. H. C. De Puy, of Grafton, candidate for judge in the Second district, spent $349.17. K. E. Leighton, of the northern district, spent $125. G. I. Solum, candidate for commissioner of insurance, shows expenditures of $126.89. Candidates for the legislature spent little money. Rollan L. Weld, of Kidder county, and J. B. Hazelbarger, of Beulah spent nothing.

BANK CASHIER CONFESSED TO $45,000 THEFT

Ottowa, Ill., Nov. 13.—Admission that he "engineered the whole thing himself" was made last night, according to county officials, by Francis J. Carey, 21, teller of the National City bank of Ottawa, who gave himself up today following yesterday's robbery of the bank. Most of the $45,000 taken has been recovered.

Carey was found at the farm house of Mat Corwin, four miles south of Utica, Ill., into which he staggered late today, footsore and weary. Following a telephone call to President Charles P. Taylor of the bank, in which Carey said he would await the arrival of Sheriff C. S. Ayer, he was brought to Ottawa and made his reported confession in the presence of his mother, Mrs. Mary Carey.

Carey denied, the sheriff said, knowledge to the disappearance of $4,000 of the loot. He had $2 in his pockets.

It was first thought that Carey had been locked in the vault by robbers and sternuous efforts were made to open the vault door. Finally, with the aid of two garage employes, who melted off the door with torches, entrance was gained to the vault to find it empty. A search was begun at once for Carey.

PUBLISH MY LETTER

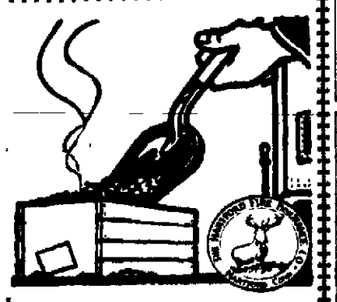

Says Mrs. Ovenstein, So Other Suffering Women May Learn How to Get Well.

Chicago, Ill.—"I suffered for four years with pains in my sides, hips and legs and a terrible backache. I could not do any work at all. I was treated by many physicians but they did not help me. I read in one of your books where other women had been helped by Lydia E. Pinkham's Vegetable Compound so I tried it and it helped me very much so that now I can do everything in the house. I have told my friends about your wonderful Vegetable Compound and you have my permission to publish my letter so other women who suffer may learn how to get well."—Mrs. IDA OVENSTEIN, 902 S. Marshfield Ave., Chicago, Ill.

This good old-fashioned remedy is made from native roots and herbs and contains no narcotics or harmful drugs.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

Don't Take a Chance

It is almost as dangerous to place your insurance in a company you know nothing about as it is to put hot ashes in a wooden box. We represent the good, old "Hartford" that has paid for every just claim promptly for over a hundred years.

You may think you have nothing to insure, but adversity strikes from many angles, and the "Hartford" sells many kinds of insurance.

We can give you protection.

IT is common knowledge that the Hupmobile does uncommonly well, exactly those things which make a motor car worth what it costs.

You pay for long life in a motor car—and get it in the Hupmobile.

You pay for low repair and operating-costs and get them in the Hupmobile.

You pay to keep going, and for freedom from constant adjustment—and get both in the Hupmobile.

You pay for satisfaction as long as you use the car, and satisfaction in the price you get when you sell it—and owners will tell you these are precisely the things you get in the Hupmobile.

"BUDDIES," WELL KNOWN MUSICAL PLAY, COMES TO CITY ON NOV. 18

After twelve consecutive months in Selwyn theatre, New York, the Selwyns will give this city an opportunity to see "Buddies," the charming musical play which drew capacity audiences for an entire season in the eastern metropolis. 'Buddies' will be the attraction at the Auditorium Thursday November 18th.

In his story George V. Hobart unfolds a dual romance of singular fragrance and charm, and B. C. Hilliam has threaded this double love-story with quantities of such lilting melodies that they have set the whole country whistling. When Julie the quaint maid of Brittany sings 'Please Learn to Love' to her excruciatingly shy soldier-sweetheart she warms the cockles of every heart in her audience, and when the 'Buddies' themselves make the welkin ring with their 'Hello Home' number it is difficult to keep one's feet still. The music of 'Buddies' has found its way all over the world in both published form and talking machine records, but nowhere does it seem so filled with charm as when interpreted by the excellent company of players whom the Selwyns will present here.

BLOOD MONEY

One hears about somebody or other being forced to give up "blood money." That extortion has been practiced, it is understood. And sometimes the words are used to convey the idea that a reward had been paid for turning over a criminal to the law.

Along there in the middle ages when people were rough and "killers" were abroad, "blood money" meant the money actually paid for shedding blood. Sometimes it meant money paid to a man for bringing another's death, or the slayer himself might pay it to his victim's nearest relatives to save himself from their vengeance.

In the old days the amount of blood money varied with the crime. Unfortunately, there is some evidence that killers for a price have not yet been vanished from the earth. But they ought to be, and maybe they will be. "Blood money" in the old or the new acceptance of the term, has no place in the language.

WHEN TO WORRY

"Man is a creature of sorrow. He is born in tears and never smiles before his fortieth day."

So wrote the philosopher Pliny, and pessimists in every age before and since have found their ways of declaring life a value of tears and a valley of sadness.

Much that is idle and silly has been written of laughter. Those who forever preach of laughing away sorrow and giggling in the face of catastrophe will find their most proficient students in kindergartens, where children laugh with little cause and in mad houses where the inmates need no cause for laughter.

But, between the two theories of life—morbid pessimism and inane optimism—lies a middle path that the most of folks will find it best to follow.

Worry is the implacable foe of laughter. No one denies the value of laughter, but many deny its possibility at some times. Worry too often conquers laughter.

Divide your worries into two parts. There are those misfortunes which thought and a full appreciation bought by worry will remedy and there are others that no amount of remorse or regret will alter.

The man who worries because his pay envelope holds not enough for the comfort of his family, may, if he keeps his worry within due bounds, increase his salary and the happiness fo his brood. Laughter then will follow and be good.

But to grieve forever more for the dead—dead mortals or dead hopes—is simply to shut the door fast on heaven-sent laughter and to make of life a true value of tears and a valley of distress.

Believe neither the one nor the other; the wail of the pessimist or the forced and tiresome chuckle and grin of the constitutional optimist. Both are fakers and hypocrits—the one denying joy and the other sorrow.

Lucky a certain Chicago policeman isn't bald. A pocket-comb deflected a bullet and saved his life.

PEOPLE INVITED TO SERVICES TO BE HELD SUNDAY

Memorial Sunday Will Be Observed in First Presbyterian Church

Memorial Sunday will be obsegved in Bismarck tomorrow with the special service at the First Presbyterian church at 7:30 p. m.

Places in the church will be reserved for the American Legion, the War Mothers, the Legion auxiliary and any other war organization which desire places to be reserved. Special invitations have not been attempted by those in charge of the service, but they hope that all patriotic citizens will feel that the service is their service, and assist in the day's observance by their presence if duty does not call them elsewhere.

The musical program is as follows: "Just for Today," (Wilson), Mesdames Scheffer, French, Morris, Miss Jones, Messrs. Halverson, Ferner, Boynton, Grady and Humphreys.

"The Ninety and Nine" (Campior), Mr. Henry Halverson

"In Flanders Fields," (Klickman), Mesdames Scheffer, Morris, Messrs. Havlerson and Humphreys.

"Recessional" (Reginald de Koven), Mrs. Florence Pierron Scheffer.

G. H. Russ, Jr., past commander of the American Legion, will deliver a message and Rev. H. C. Postlethwaite will deliver a short address.

ANITA STEWART'S FILM RESULT OF UNUSUAL ACTION BY BOSTON PICTURE MAGNET

Behind the appearance of Miss Anita Stewart in "Virtuous Wives," the first production to be made by her own company, is an interesting series of events, which started a year ago when Louis B. Mayer, Boston film magnate, sought to obtain her release from the Vitagraph company and launch her as an independent star in a series of productions based on famous stories.

Mr. Mayer finally concluded his negotiations with the Vitagraph organization by paying them a cash bonus, said to run into five figures, for cancelling the contract they held for Miss Stewart's services. This is believed to be the first time that a motion picture producer has paid an extravagant sum in addition to the amount involved in the direct contract with the star for the release of that personage from another agreement.

Miss Stewart's first production under the management of Mr. Mayer is an adaption of the famous novel, "Virtuous Wives," by Owen Johnson. The story is described as a truthful account of married life in New York society circles.

Arbitration Report of City Attorneys

Bismarck, North Dakota,
November 13th, 1920.

Board of City Commissioners,
Bismarck, North Dakota.

Gentlemen:—

You have referred to us for recommendation a letter from the attorneys for the Bismarck Water Supply Company. which was published several times as an advertisement before it was transmitted to you, suggesting a sale of the company's property to the city at a price to be determined by arbitration. The amended franchise under which the company now operates provides for purchase by the city, if it so elects, on the 26th day of May, 1935, the price to be fixed by arbitration. The company indicates readiness to sell now on these terms, and urges arbitration to stop litigation.

Whose conduct compelled this litigation? The franchise of the company requires it to furnish an adequate supply of pure water. The consumers for years have been furnished dirty, and often impure water. Their fire protection has been and is inadequate. Even the Railroad Commissioners have sustained these contentions. The rates charged were more than three times the rates paid by Fargo consumers. Orders of the city commission to make extensions were persistently ignored. In spite of constant protest the company refused to furnish relief in any respect. Complaint was finally made to the Railroad Commissioners and an investigation ordered.

Why should such an investigation have cost the water company $23,000.00 to $30,000.00? The company imported a large staff of engineers most of whom were here for weeks, some for four or five months, and the chief engineer for seven months. Our city engineer was prepared to submit his valuation within thirty days after he started work, and only on account of the large staff employed by the company and its elaborate preparation was our engineer required to make his valuation much more detailed than otherwise would have been necessary, and for the same reason the city was forced to employ additional engineers. The hearing should have been completed in four days. By reason of the company's deliberate purpose to mislead the commissioners and the people, and its pettifogging tactics, it was prolonged to thirty-five days. There was no hurry then. Hence this extraordinary cost. If the company had been content with a fair presentation of its case, $2,000.00 would have been ample for its expense. But an unreasonably high value had to be fixed, whatever the outlay. Now, after many months two of the railroad commissioners have given to the water company an excessive valuation which reflects upon the commissioners and destroys confidence in public regulation. Litigation did not seem "useless, senseless or expensive" until such valuation was made.

Why was arbitration not proposed at the beginning? If "it is fair" to arbitrate now, it would have been "fair" to arbitrate then. But the "psychological moment" had not arrived. It was necessary to wait until the railroad commissioners could be induced in disregard of the evidence of the city and of the commissioners own' engineers to place a fictitious value of $446,000.00 upon a plant which the company in a suit brought in 1912 to cancel taxes contended was actually worth only $85,000.00. This done, presto, the company thought of economy and peace.

An appeal has been taken from the order of these commissioners. We believe our cause to be meritorious. The company's attorneys are anxious to arbitrate before the appeal is determined. They are in a hurry now. **The reason is obvious. From now on they must deal with the courts.** There is danger from the company's point of view that the court will revise the valuation and deal justly with all concerned, including the public. **They want the price to be arbitrated with the advantage of this unwarranted valuation back of their extravagant claims.** The considerations which make it important for the company to have arbitration hurried make it important for the public to proceed with caution. The expense of the appeal will not be great unless the company makes it so. We believe the appeal should be determined before further action is taken. By reason of the premises, we unhesitatingly recommend a rejection of the company's offer to arbitrate at this time.

Shortly, we hope to submit to you a more detailed report concerning the methods used to defeat the city in the investigation.

Very truly yours,
H. F. O'HARE,
City Attorney.
C. L. YOUNG,
Special Counsel.

DRAMATIC CLUB ENTERTAINS

The Dramatic club and the class in singing, both under the direction of Miss Bergloit Caspary, gave a pleasing entertainment in the auditorium of the penitentiary on Friday evening. "The Mousetrap," an amusing playlet, presented by the Dramatic club, was much enjoyed. Members of Miss Caspary's class in vocal training who sang during the evening were: Misses Jennie Selseth, May Bope, Eleanore Lamb, Lillian Paulson, and Mr. Lasseson. Entertaining readings were given by Miss Isabelle Cochrane and Miss Ruby Durett. Miss Hazel Piere rendered piano selections.

The Dramatic club, which organized two months ago, appeared last night for the second time since their organization; the first appearance being at Menoken. Another group of the club members expect to have a number on the next program of the Business and Professional Women's club.

HARD TIMES PARTY SUCCESS

The Hard Times benefit play given by the members of Rebekah lodge in the Odd Fellows hall last night was a great success, both socially and financially. The costumes of the guests were varied and wonderful and a source of endless amusement. The prize for a lady's costume went to Mrs. Melvin Welch, who represented Mary Pickford in one of her charming roles, while R. Folsom impersonated Hard Times so effectively that he carried off the gentleman's prize.

An interesting feature of the benefit was the fact that a portion of the funds taken in will go to the needy Armenian children, and the committee report a most gratifying sum realized for their worthy charity.

ARTISTS PRAISED

The Chicago Recital company, which appears at the Elks hall tonight, appeared in Jamestown last night and was highly praised. James I. Mason, exalted ruler of the Jamestown Elks, said: "Chicago recital company far and way ahead of previous number of lyceum system, and made a fine impression, and you will be entirely satisfied, and they will appreciate anything you can do for them."

ARMISTICE DAY PARTY

Mrs. E. J. Gobel, 423 Fourth street, was hostess on Armistice Day at a six o'clock dinner in honor of Ray Gobel's thirteenth birthday. Twelve boys were bidden and a most delicious dinner was enjoyed by the young guests. A pretty decorative scheme of pink and yellow was carried out in chrysanthemums. Following the dinner the boys attended a theatre party at the Eltinge to see Mary Pickford.

MARRIED HERE

The marriage of Miss Nellie May Granthan, of Sanger, N. D., and Warren Culligan, of Sanger, occurred at the Grand Pacific hall this morning, Rev. G. H. Quigley officiating. The couple was attended by Miss Tillie Larson and Harold Culligan. They will reside on the farm of the groom near Sanger.

MRS. DUTTON HOSTESS

Mrs. Robert Dutton, 514 First street, was hostess this afternoon to the Mother's club. Mrs. C. L. McCoy gave a paper entitled "The Melting Pot." There was a reading by Mrs. W. E. Perry and music by members of the club.

BUSINESS COLLEGE DANCE

The students of the Business College entertained in the old K. C. hall in the Hinckley block last evening and a most enjoyable program of dances was enjoyed.

CHAPLIN'S WIFE GIVEN DIVORCE

Los Angeles, Nov. 13 — Mildred Harris Chaplin was granted a decree of divorce from Charley Chaplin in the superior court here late yesterday.

Mr. Chaplin, whom Mrs. Chaplin charged with cruelty, was not in court, but was represented by attorneys.

It was stated a property settlement, involving about $200,000, had been made out of court and an agreement reached by which Mrs. Chaplin would not use the name of Chaplin professionally.

LAHR COMPANY WINS PRAISE IN MAGAZINE

Prominence is given to the Lahr Motor Sales company, of this city, in an article in the "Winter Service number" of the Motor Age, of Chicago, a national automobile and truck publication.

The purpose of the "Winter Service number" was to show the growth of the use of motor cars during the winter over the United States and the methods used to encourage the growth.

The article on the Lahr Motor Sales company shows how the company has made a special effort to encourage the winter use of motor cars by offering unexcelled services to motorists, making it more profitable to run a motor car during the winter than to let it remain idle.

The article includes a picture of the small place occupied by the Lahr Motor Sales company in 1914 and the big modern building occupied today, together with an example of the kind of business getting letter writing which is done by W. E. Lahr, president of the company.

MARKETS

RUSH TO BUY

Chicago, Nov. 13.—There was a general rush to buy wheat at the start today by commission houses, which disclosed a badly oversold condition and prices advanced sharply with December in the lead. After starting one-half to six cents above yesterday's finish the market underwent a slight reaction. The finish was up ⅝ to 4 cents.

BOND DEBT OF STATE SAID TO BE $2,442,300

The bonded indebtedness of the state of North Dakota, as shown by the annual report filed by Treasurer Obert Olson with the Governor, is $2,442,300. The major portion of the bonded indebtedness consists of $2,000,000 of bonds for the capital stock of the Bank of North Dakota; $120,300 for the mill and elevator association and $130,000 of 4 per cent. bonds, issued in 1905 and due July 1, 1925.

Total expenditures during the fiscal year ending June 30 were $13,207,037.38, according to the report. Total receipts were $14,070,056.38.

The balance of the workmen's compensation bureau is shown to be $425,837.41. Total receipts amounted to $534,852.46 and total expenditures for the fiscal year amounted to $109,015.05. The workmen's compensation bureau was shown to have $75,837.41 in the Bank of North Dakota subject to check and a certificate of deposit of the Bank of North Dakota of $350,000.

50 Years Ago

a young man who practiced medicine in a rural district became famous and was called in consultation in many towns and cities because of his success in the treatment of disease. This was Dr. Pierce who afterward moved to Buffalo, N. Y. He made up his mind to place some of his medicines before the public, and he put up what he called his "Favorite Prescription," and placed it with the druggists in every state in the Union.

For *fifty years* Dr. Pierce's Favorite Prescription has sold more largely throughout the United States than any other medicine of like character. It's the testimony of thousands of women that it has benefited or entirely eradicated such distressing ailments as women are prone to. It is now sold by druggists in tablet form as well as liquid.

WAUKESHA, WIS.—"About eighteen years ago I was ill, doctor's medicine did not seem to give me the relief I thought I should have so I began taking Doctor Pierce's Favorite Prescription and it cured me in a short space of time. I have never had any return of my ailment."—MRS. MINNIE STENZLOFF, 730 Pleasant Street.

"Home Sweet Home"

Be it ever so humble there is no place like HOME. These immortal stanzas have been sung throughout the world, and all civilized men and women love to hear those inspiring words. Now, IN REGARD TO A HOME I was going to say that I have a very desirable HOME that I am offering for sale, it is located within a stone's throw, so to speak, from Colonel Little's $50,000.00 mansion. I can assure you this is a very desirable piece of property. It consists of a 6-room modern house; full cement basement, divided into 3 rooms; porch up-stairs and down. Grade door leading to the basement and the kitchen so arranged that the iceman can slip the ice in without bothering your wife. Cement sidewalks all around; nice large garage worth at least $1,000.00; beautiful view to the river. About one block from the anticipated new school in the west part of the city. The neighborhood and surroundings are agreeable and lovely. I am safe in saying that this very desirable HOME could not be replaced today for less than about $7,000.00, but for quick sale, I am offering this for $4,700.00, $1,000 cash, balance on terms to suit purchaser. I can assure you this is a real bargain. No curiosity seekers are invited. If interested, telephone, telegraph, or write,

FIRST GUARANTY BANK'S NEW BUILDING COMBINES BEAUTY AND DIGNITY WITH CONVENIENCE IN DESIGN

Above—Exterior of First Guaranty Bank. Below—View of Banking Room

Artistic, Finish and Most Modern Conveniences Attract Visitors to New Structure on Fourth Street.

The beautiful new building of the First Guaranty Bank, on Fourth street, is being praised by visitors who have come to see the latest addition to Bismarck's growing business district.

The exterior of the building is constructed with all the dignity and solidity prescribed by architects for bank buildings. It has a frontage of 50 feet on Fourth street, and the front is constructed with Indiana limestone, with four massive columns, which lend dignity and strength to the exterior. It is two stories in height, the second story being devoted to office rooms.

The interior of the bank was finished by artists in building. The floors are of Tennessee marble in the vestibule and lobby. This marble has a pink tone and gives an especially rich effect, as the blocks of marble are worked out in a design. A ten-inch base of Levanto marble, a product of the Swiss Alps, extends around the banking room. This marble is composed of green, red and white colors, beautifully blended together, and the joint effect is of a dark green. Above the marble base is Tavernelle, a Tennessee marble, to the height of 42 inches.

Decoration of Walls

The decoration of the walls and ceiling, the work of experts, is especially artistic. The large beams and pilasters are of decorative plaster and are finished in old ivory color. Between the pilasters are panels formed by a laurel wreath. The panels are mottled with well blended colors, leaving a pleasing, subdued effect. American eagles, resting on a shield of American colors, are painted at the top of the four panels.

Special Glass Design

The counter screen and all of the interior wood finish is constructed of the finest black walnut, with a deep, rich brown finish. All of the glass in the banking room is of a special etched design, manufactured under the new stipled, etched process.

A waiting room, a small room affording privacy for conversations and a marble bench, with a check-writing desk in the middle of the lobby, add to the conveniences in the main banking room for the benefit of the general public.

To the left and rear is a machine room, well lighted and ventilated. The purpose of this room is to eliminate the noise of the bookkeeping and adding machines from the main banking room.

Vault Arrangement

The vaults are especially attractive to one interested in security. They are constructed of reinforced concrete, with a net-work of steel bars through the cement, running crosswise every four inches. The vault openings are guarded by two heavy steel vault doors of such weight as necessitates swinging on large cranes. In connection with the safe deposit vaults there has been provided booths in which there is a desk and a chair and lamp, affording absolute, privacy for one wishing to look over the contents of his safe deposit box. To one side of the safe-deposit vaults is a directors room, finished in artistic design.

Officers of Bank

C. A. Lahr is president, E. V. Lahr is cashier and C. S. Meade, a banker and fruit rancher of Yakima, Wash., is vice-president of the First Guaranty Bank. The Lahrs have been interested in the banking business in North Dakota for the last twelve years, but only three years ago started the First Guaranty Bank. They control a line of banks in this section of the state for which the First Guaranty Bank serves as the parent bank.

SPORTS

PEACE REIGNS IN BALL WORLD; LANDIS ACCEPTS

Federal Jurist to Remain on Bench and Get $42,500 a Year

Chicago, Nov. 13.—Peace reigned in baseball circles today following yesterday's agreement of opposing factions in the reorganization of the game. The 16 club owners of the two major leagues were in accord on every issue which today left the same eight clubs in the national and the same eight in the American league and the threatened war was averted.

Judge K. M. Landis, of the federal court in Chicago accepted the chairmanship of the ball commission and will act as a final court of appeal in all matters of appeal in all disputes between the two major leagues and any minor leaguers which may join the majors in reorganizing the game. Judge Landis will remain on the bench. His salary there is $7,500 a year. He stipulated this sum should be subtracted from the $50,000 a year offered by the baseball game men so that the salary offered by the baseball men will be $42,500 a year.

The term for which he is chosen is seven years.

GRAFTON MEETS VALLEY CITY IN TITULAR GAME

Winner to Meet Williston for Championship of State High Schools

The battle for the North Dakota state high school championship is being narrowed today. Grafton and Valley City are clashing for the championship of the eastern half of the state. The winner of the game is expected to meet Williston, champion of the western half of the state, for the state title.

Valley City was selected by the athletic board of control meeting in Grand Forks as the champions of the southeastern district. Grafton is champion of the northeastern section.

YALE—PRINCETON

PRINCETON, November 13.—The Yale-Princeton football game was the center of interest in the east today. More than 40,000 fans were expected to see the clash, which is preliminary to Yale's clash with Harvard in the annual Yale-Harvard game.

CHANCE OF TIE

Kansas City, Nov. 13.—With Oklahoma retaining a firm grasp on the 1920 Missouri Valley conference football title the attention of observers here turned today to the game between Washington and Missouri Universities at Columbia, for if Missouri and Kansas Universities should win their remaining games and Oklahoma lose one the schools will be in a triple tie.

CLEVELAND TO PLAY ONLY TEN EXHIBITION GAMES

Cleveland, O., Nov. 13. — Before leaving for his home in Hubbard City, Tex., Tris Speaker, manager of the Cleveland Americans, intimated that only ten exhibition games will be played by the Indians on the spring training trip.

Speaker has received invitations from about a dozen towns in Texas, Florida and New Mexico to bring the world's champions there to train. It is regarded as doubtful if New Orleans, where the teams trained for several years, will be selected as the 1921 camp.

"With a world's championship team," Speaker said, "ten games ought to pay all our training expenses and I do not care to play more than ten, as I can get better results by sticking to regular practice."

Cincinnati has asked for two games and probably will be accommodated.

NORTHWEST GAMES

St. Paul, Minn., Nov. 13.—Interest in football in the Northwest centers today in the following battles:

Iowa versus Minnesota at Iowa City.

Illinois versus Wisconsin at Madison.

Hamline versus Carleton at St. Paul.

St. Thomas versus Macalester at St. Paul.

University of South Dakota versus South Dakota State at Sioux Falls, S. D.

The only Big Ten game which will have any important bearing on the conference championship is the Illinois-Wisconsin game, which Illinois can lose and still be counted in when Ohio State is met the following Saturday.

Taking Course

St. Louis, Mo., Nov. 13.—Joe Evans, who patrols the outfield for the Cleveland world's champions is an interne in a local hospital, where he is taking a post graduate course. Within a week from the end of the series with Brooklyn, Evans was on the job.

HANDS TWO KAYOS

TROY—Tony Caponi knocked out Red Mack in seven rounds. Then he volunteered to fight Joe Daley, whose opponent had failed to show up. Tony knocked him out in the sixth.

CHILDREN OF OLD WORLD IN GREAT NEED

Millions of Them in War Stricken Areas Threatened With Starvation

London, Nov. 13.—One of the aftermaths of the Polish-Soviet war is that Americans will be called upon to feed and clothe more than 1,250,000 Polish children this winter through the American Relief Administration. Up to the time of the latest outbreak of hostilities, destitution had been so reduced that the Relief Administration officials believed that Poland, with the organization the Americans had perfected, would be able to carry on the work after this autumn. That is considered impossible now and preparations are under way for caring for as many children as during the dark days of last winter.

Nothing Left for Children

This decision came after receipt in London of reports of a complete survey of the country begun immediately after the bolsheviki were driven back. Trained observers report that the Poles themselves have not painted the picture black enough. After two armies had fought over the ground there was little left for the children, they report, and each requested immediate shipment of food and clothing. As far as possible, distributing agents of the administration are complying with these requests.

The organization by which about $19,000,000 worth of food and clothing was distributed in Poland in 16 months at a cost of approximately $80,000, is virtually intact. It includes between 15,000 and 18,000 Poles whose services are paid for by Poland but who worked under the direction of a few American administration officers. The Poles also pay for transportation from the ships, warehouses and distribution. In addition they supply all flour received by them through a $200,000 credit granted them by the Grain Corporation.

Although the distributing organization was considerably disarranged during the recent fighting, officials here say they can get into working order again very quickly after railroad repairs have been completed.

The Insider Says

Democrats aren't the only lonely souls these days. Think of the poor downtrodden heavyweight boxers.

The lighter weights are getting all the attention and making most of the money.

Jack Dempsey is so hard put to it that for sheer lack of companionship he announces that he will fight Willard again.

That is a terrible thing to wish on the American public and it cannot be for the sake of the money there may be in it.

It must be sheer loneliness, a desire for human companionship, an inability to find men of approximately his girth and weight which drive Jack to this extreme measure.

Of course, Jack has signed to meet Georges, but the date of that is fairly indefinite, and, besides, there's not much companionship for Jack in an encounter with Georges. They don't speak the same language in more senses than one.

Jack doesn't know as much about French as a house cat does about arithmetic. Neither can he discuss airplaning, trench-digging and forced-marching intelligently with Georges.

FALL SERIES TO BE FIXED AFFAIRS

Chicago, Nov. 13.—The fall series between the pennant winning clubs of the American Association and International leagues probably will become an annual fixture.

President Hickey of the American Association is highly in favor of the plan, which also has been endorsed by David L. Fultz, president of the International league.

"President Fultz will submit the plan to the club owners of his league for adoption," President Hickey said. "I feel positive that the series will be made a permanent fixture. The event will be called the 'Junior World's Series'."

The 1920 series between St. Paul and Baltimore, won by the latter club, was a financial success.

"RUTH OF FOOTBALL"

Many a Pretty Face Spoiled by Pimples

Not only are these pimples and splotches disfiguring, but they lead to serious skin diseases that spread and cause the most discomforting irritation and pain. Sometimes they foretell Eczema, boils, blisters, scaly eruptions and other annoyances that burn like flames of fire, and make you feel that your skin is ablaze.

If you are afflicted with this form of skin disease do not expect to be cured by lotions, ointments, salves and other local remedies, as they can not possibly reach the source of the trouble, which is in the blood. Begin taking S.S.S. today, and write a complete history of your case to our chief medical adviser who will give you special instructions, without charge. Old Fashioned Dollars

In the days of the "old-fashioned dollar" food and clothing cost but a fraction of what we have to pay today. Twenty dollars a week was then an excellent salary.

There are numerous estimates on the percentage of decrease in the purchasing power of the "modern dollar," but everyone knows that prices will take a drop some of these days.

So a dollar is about the cheapest thing there is today. Why not buy up a few each week, put them in this bank and wait for the rise in value?

STRAIGHT VOTE BEAT O'CONNOR IN FINE RACE

(Continued from Page One)

jority in the primary was 10,324; in the election 11,351.

The attitude of North Dakota on the league of nations was emphatically expressed by the voters of the state in the tremendous majority accorded Senator Harding. The intense opposition to the league, and therefore to any candidate who bore the Democratic stamp, was evident in many communities of the state. The Nonpartisan league knew of the feeling, too, and through certain sections of the state the plea to vote the Republican ticket straight, coupling the national and state tickets was worked overtime. While the argument favored Hall, Steen and Stutsman and militated against Alfson, Hildebrand and Kaldor, league candidates, the league worked it hard to save the majority of the ticket, and succeeded.

Independents Optimistic

Independents who study the election returns are more than optimistic over the result of the election. After pointing to the straight Republican vote and the vote of 7,376 for Eugene V. Debs, Socialist candidate, all of which went to Frazier, the independents declare there can be no question of a changed sentiment among the people of the state, and declare the independents ought to go into the 1922 election stronger than the league. There will be no national landslide or sentiment at that time. The fight will be solely on state issues.

The majority accorded the initial laws is such that the Nonpartisan league can only admit that thousands of league voters made their passage possible. Thousands of league voters rejected the scheme of organization of the Bank of North Dakota and indicated a lack of confidence in the manner in which some measures of the league have been carried out. The vote on these measures is regarded as an expression of opposition by voters to the placing of autocratic power in the hands of a few men, where it may be abused to the detriment of the state. The vote and majorities on candidates follows:
